

1 Theorem

Theorems can be easily defined.

Theorem 1.1 *This is a simple theorem about rectangles, which can be defined as the next equation*

$$c^2 = a^2 + b^2$$

Theorem 1.2 *This is a simple theorem.*

1.1 Theorem

Theorem 1.1.1 gives you some information of the light speed.

My Theorem 1.1.1 (Light speed) *The light speed in vaccum is 299,792,458 m/s.*
