Abstract

Short introduction to subject of the paper.

1 Introduction

Make it possible for all to write documents with LaTeX!

2 List

LaTeX can compose many documents, including but not limited to the following document types:

- article
- book
- report
- letter

3 Math

Math in text is called in line math just put $ character around the math think. Like $a^2 + b^2 = c^2$. It looks better if you use this

$$a^2 + b^2 = c^2$$

4 Tabular

first column	second column	third column
l stand for left	c for center	r for right

5 Figure

It's easy to insert a figure.

Figure 1: A simple girl.
